

## Medical examination Shipping crew

This form is used by the medical examiner, in addition to more detailed examination, to determine if the candidate is fit for duty.

The medical examiner sends a registration of the personal data of the candidate and the outcome of the examination to the Medical Advisor of the Human Environment and Transport Inspectorate, including the reason of rejection if applicable.

The medical examiner keeps the examination data in a medical file.

The Medical Advisor has no access to the medical data without permission of the seafarer.

Contact the medical examiner for more information about this form.
